

Support At Home

A simpler, more flexible way to stay independent at home

How it Works

Support at Home is a new government-funded aged care program that will replace the Home Care Package (HCP) and Short-Term Restorative Care (STRC) programs from 1 July 2025.

Stable Home Care helps you make the most of your funding, with support ready to start straight away. Our Care Managers work with you to write a care plan and budget, check in regularly to ensure you're getting the right support, and take care of all the coordination and planning.

Support at Home includes:

- ✓ 8 levels of ongoing funding (up to \$78,000/year)
- ✓ Quarterly budgets for more flexibility and control
- ✓ Additional short-term and end-of-life care funding
- ✓ Separate funding for Assistive Technology & Home Modifications
- ✓ Transparent pricing with real-time budget tracking via our client app

Tweed & Gold Coast Region

What to Expect:

Support is grouped into three main categories:

1. Clinical Supports

Nursing care, medication management, wound and chronic disease care, and allied health coordination

2. Independence

Help with showering, dressing, mobility, social support, companionship, and in-home respite

2. Everyday Living

Cleaning, laundry, gardening, shopping, cooking, and light home maintenance

Why Choose Stable Home Care

- ✓ Local and family-run – based in Tweed Heads & the Gold Coast
- ✓ Nurse-led and experienced in clinical and restorative care
- ✓ Care Managers who know you and your preferences
- ✓ Fast and flexible – services can start within 24 hours of funding approval
- ✓ No sign-up or exit fees
- ✓ Low fees – just 10% care management fee
- ✓ Consistent carers that you'll know and trust
- ✓ We handle all compliance, statements and government reporting

How to Get Started:

1. Call My Aged Care on 1800 200 422 or apply online for an aged care assessment
2. Once you've received your approval, **Contact Us on 1300 857 066** to begin
3. We'll guide you through onboarding and care planning
4. Already receiving a Home Care Package? You'll automatically transition to Support at Home on 1 July 2025 — no reassessment required
